**II. Basis for Jurisdiction**

Federal courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in federal court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation and the amount at stake is more than \$75,000 is a diversity of citizenship case. In a diversity of citizenship case, no defendant may be a citizen of the same State as any plaintiff.

#### IV. Irreparable Injury

Explain why monetary damages at a later time would not adequately compensate you for the injuries you sustained, are sustaining, or will sustain as a result of the events described above, or why such compensation could not be measured.

Trial is set to proceed on July 10, 2019. As previously noted by Dr. David Northway, my attorney Rebecca Gouge, and investigator Bill Lioio, my mental condition takes a downward turn as the trial date approaches. Aspergers defense mode renders me unable to function or be aware of my surroundings. If the trial proceeds and I will not be able to aid in my defense, or able to comply with orders of the court endangering my life due to autistic related behaviors.

---

#### V. Relief

State briefly and precisely what damages or other relief the plaintiff asks the court to order. Do not make legal arguments. Include any basis for claiming that the wrongs alleged are continuing at the present time. Include the amounts of any actual damages claimed for the acts alleged and the basis for these amounts. Include any punitive or exemplary damages claimed, the amounts, and the reasons you claim you are entitled to actual or punitive money damages.

I request the court order a suspension of the pending trial scheduled for July 10, 2019, until such time as the court may review my claims and order Lane County to comply with Federal Law as it pertains to disability rights and particularly the disabilities of autism and present to the court orders for reasonable accommodation.

Actual damages due to the loss of my vehicle and tools, Research Grant renewal, my reputation as a scientist caused by the Lane County Criminal Justice system failure to comply with federal law are greater than \$700,000. I do not know the extent of Punitive damages as yet.

Attachment Section III part C of COMPLAINT AND REQUEST FOR INJUNCTION

April 25, 2019

Complainant:

Kevin Mark McFarland

I have Aspergers Syndrome a form of Autism now known as Autism Spectrum Disorder. I have been officially diagnosed by two separate Psychologists, Dr. Pablo Catero at the University of Colorado in 2012 and again in 2018 by Dr. David Northway. I have no criminal history.

I reside in Klamath County Oregon. In May of 2018 I was preparing to initiate experiments on the FarmBot at an Agricultural Research and Experiment Station in Lane County under a research grant in May of 2018 when numerous officers of Lane County Sheriffs Dept. entered through closed gates detained several persons on the site including myself.

I have been charged with stealing my own lawn mower escalated to felony uumv when I would not accept a plea bargain and other lesser charges related to my arrest. I am innocent of the charges leveled by Assistant District Attorney Deborah Stoll, whom I have greatly angered with accusations of misconduct.

I have attempted to defend myself from these false charges and the case now well over a year old continues toward an unfair trial in which I cannot obtain reasonable accommodations nor participate in my defense due to an aspect of my autism called defense mode that effectively prevents my from being aware of my surroundings under certain stresses. I have at times went into a near catatonic state for a few hours or as much as a few days after court appearances and I can only recall vague portions of the events if any at all.

I am in great danger of being unable to comply with orders to appear in court that without accommodations will occur if trial days are too close together to allow my recovery resulting in my re-incarceration an event that was severely traumatic and life threatening due to autism related behaviors.

The Lane County Criminal Justice system, initially ignored requests for accommodations under the Americans with Disabilities Act. In particular requests to use an App for Autistic's to address the court were refused, costing me my vehicle and only mode of transportation to travel the 380 miles round trip for court appearances. The Attorney appointed to me by the court made fun of me and refused my requests for communication methods that I could understand, I was arraigned after a trial date was set and without the understanding of the charges against me.

The Assistant District Attorney has actively resisted requests for Accommodations and in a fitness hearing, fought to deny my claim that I cannot assist in my own defense during the proceeding of a trial that would have resulted in diverting into a community counseling program.

The Lane County Criminal Justice system has unjustly denied me rights under the 4<sup>th</sup> 5<sup>th</sup> and 6<sup>th</sup> amendments and all of the protections in the Americans with Disabilities Act endangering my freedom, my mental health and my very life.
